PROCEDURES FOR SUSPENSION/ EXPULSION ***SUSPENSION***

Suspension shall be defined as: 'requiring the student to absent himself from the school for a specified, limited period of school days'

The board of management has the authority to suspend a student. In this school, this authority has been formally delegated to the Principal.

A single incident of serious misconduct may be grounds for suspension. Generally, however, other interventions, as outlined above, will have been tried.

Grounds for Suspension:

The decision to suspend a student will be taken on such grounds as the following:

- The students behaviour has had a seriously detrimental effect on the education of other students
- The students continued presence in the school at the time constitutes a threat to safety
- The student is responsible for serious damage to property.

The school management is aware of the risks associated with suspension, such as an increased sense of alienation from school which could lead to a cycle of behavioural and academic problems. School management has been, and will continue to be proactive in avoidance of suspension of any student.

Whilst suspended, the student shall continue to retain a place in the school.

Suspension Procedures:

Where a preliminary assessment of the facts confirms serious misbehaviour that warrants a suspension, the school shall:

Inform the student and their Parent(s) about the complaint. Parents may be informed by phone or in written format. The obvious advantage of the written format is that it presents a formal and permanent record. Written notification will include:

- the period of suspension and the end date of suspension
- the reasons for the suspension
- arrangements for return to the school (parents will be asked to reaffirm their commitment to the code of behaviour)
- the provision of an appeal to the Board of Management
- the right to appeal to the secretary general of the Department of Education and Science

Allow Parents and child the opportunity to respond. A meeting shall be arranged with the Parents. Should the Parents fail to attend a meeting, the Principal shall write, advising of the gravity of the matter and the duty of the school authorities to make a decision to respond to the negative behaviour. These invitations shall be recorded.

In case of immediate suspension, parents will be immediately notified, and arrangements will be made with them regarding collection of the child. The school will always have regard to its duty of care for the child.

The Period of Suspension

A suspension will last one, two or three days. A student will not be suspended in excess of three days, except in exceptional circumstances where the Principal considers that a longer suspension is needed in order to achieve a particular objective. This will require Board of Management approval.

The Board of Management will place a ceiling of ten days on any one suspension, in these exceptional circumstances

Section 29 Appeal

Where the total number of days for which the student is suspended in the current school year reaches 20 days, the parents may appeal the decision under section 29 their right to appeal, and will be given information about how to appeal.

Suspension as Part of a Behaviour Management Plan

It is envisaged that suspension be part of an agreed plan to address the student's behaviour. Suspension shall allow:

- the school to set behavioural goals for the student
- school staff to plan for interventions
- the school to impress upon parents and student the seriousness of their behaviour

Grounds for Removing A Suspension

A suspension may be removed if the Board of Management decides to remove the suspension for any reason, or if the Secretary General of the Department of Education and Science directs that it be removed following an appeal under section 29 of the Education Act 1998.

Reintegrating the Student

A member of staff will be appointed to support the student and to facilitate his re-integration into the school following a suspension

EXPULSION

The Board of Management reserves the authority to expel a student.

Expulsion will be a proportionate response to a student's behaviour and will be only taken in response to extreme cases of unacceptable behaviour. The school will take significant steps to address the misbehaviour and to avoid expulsion of the student.

These steps will normally include

- Meeting the Parents and the student to try to find ways to help the student to change their behaviour
- Making sure that the student understands the consequences of their behaviour if it should persist
- ensuring that all other options have been tried
- seeking the help of support agencies e.g. N.E.P.S., N.C.S.E, H.S.E community services N.B.S.S.

Grounds for Expulsion

A proposal to suspend a student will involve serious grounds such as that:

- the students behaviour is a persistent cause of significant cause of significant disruption to the learning of others or to the teaching process
- the students presence in the school constitutes a real and significant threat to safety
- the student is responsible for serious damage to property

Expulsion for a First Offence

In extraordinary circumstances, the Board of Management may for the opinion that a student should be expelled for a first offence. The following such behaviour may warrant this sanction:

- a serious threat of violence against another student or member of staff
- actual violence or physical assault
- supply of illegal drugs to another student or students
- sexual assault

PROCEDURES IN RESPECT OF EXPULSION

The following steps will preface any expulsion.

- (1). Preliminary assessment of the facts.***
- (2). A detailed investigation carried out under the direction of the Principal.***

In investigating an incident, the Principal shall inform the Parents and student about the alleged misbehaviour, how it will be investigated and that it could result in expulsion. This shall be in written format. The Principal shall also give parents and the student the opportunity to respond to the complaint. If a student or Parent(s) refuse to attend a meeting, the principal shall write to them advising of the gravity of the matter, the importance of attending a rescheduled meeting and failing that, the duty of school authorities to make a decision to respond to this inappropriate behaviour. The school will record the invitation to parents and their response

- (3). A recommendation by the Principal to the Board of Management***

Where the Principal forms a view, based on investigation of the alleged misbehaviour that expulsion may be warranted, the Principal shall make a recommendation to the Board of

Management to consider expulsion.

The Principal shall:

- Inform the Parents that the Board of Management has been asked to consider expulsion
- Ensure that the Parents have records of the allegations against the student, the investigation, and written notice of the grounds on which the Board is being asked to consider expulsion
- Provide the Board of Management with the records as listed above
- Notify the Parents of the date of the hearing and invite them to that hearing
- Advise the Parents that they can make a written and oral submission to the Board of Management
- Ensure that the Parents have sufficient notice of the hearing

(4). *Consideration by the Board of Management of the Principals Recommendation and Holding of a Hearing*

The board shall review the initial investigation and satisfy itself that the investigation was conducted in line with fair procedures. The Board shall undertake its own review of all documentation and circumstances of the case. No party with direct involvement in the circumstances of the case shall be part of the Board's deliberations.

The Board, if satisfied as outlined above, shall hold a hearing. At the hearing, both Principal and parents shall put their case in the presence of the other(s). The board shall be, and shall be seen to be impartial. Parents may wish to be accompanied to this meeting. The Board shall facilitate this.

(5). *Board of Management Deliberations and Actions following the Hearing*

Having heard from both parties, the Board shall decide whether

expulsion is the appropriate sanction. Where the Board decides that expulsion is the appropriate sanction, the Board shall notify the Educational welfare officer in writing, giving reasons for its opinion. The student shall not be expelled before the passage of twenty school days from the date on which the EWO receives this notification (in line with the Education Miscellaneous provisions act 2007, s24).

(6). Consultations arranged by the Education Welfare Officer

The Education officer must:

- Make all reasonable efforts to hold individual consultations with the Principal, the parents and the student, and anyone else who may be of assistance.
- Convene a meeting of those parties who agree to attend.

The purpose of these consultations is to ensure that arrangements are made for the student to continue in education. Pending these consultations, the board of Management may take steps to ensure that good order is maintained and that the safety of students is secured, (in accordance with Educational welfare act 2000, s24). The Board may consider it appropriate to suspend the student during this time. Suspension shall be considered where there is a likelihood that the continued presence of the student during this time will seriously disrupt the learning of others, or represent a threat to the safety of other students or staff.

(7). Confirmation of the Decision to Expel.

Where the twenty day period following notification to the Educational Welfare Officer has elapsed, and where the Board of Management remains of the view that the student be expelled, the Board of Management shall formally confirm the decision to expel. Parents shall be notified immediately. Parents shall be informed of the right to an appeal and be supplied a standard form on which to lodge this appeal. A formal record shall be kept of the decision to expel the student.

Appeals

The Board of Management recognises that a parent may appeal a decision to expel the student to the Secretary General of the Department of Education and Science. (Education Act 1998, section 29) An appeal may also be brought on behalf of the student by the Education Welfare Officer.

HOME SCHOOL COMMUNICATION

The principal and Board of Management will always endeavour to work closely with Parents in a spirit of cooperation and partnership. The school shall contact Parents at the earliest stages of any disciplinary process. Should the school have concerns about a child's progress in school, the child's Parents will be made aware of this at an early stage. A database of all contact numbers is kept on a secured file on the school's database.

These minor modifications shall then be communicated to all families within the school.
